THE PREMIER EXPERIENCE FOR C&D RECYCLING IN THE BAY AREA.

Premier Recycle operates as a true partner on your project.

As a vertically integrated provider – with our own trucks, processing facility, and diversion reporting managed in-house – we control the recycling process from the first bin to final closeout.

Our unique model allows us to deliver the most reliable service in the industry, produce accurate diversion data, and expertly navigate jurisdiction and green building requirements.

WHAT WE OFFER

FULL-SERVICE C&D RECYCLING

DEBRIS BIN RENTAL & HAULING

Roll-off bins in 10, 20, and 40 yard sizes. Quick turnaround, reliable pickups, no excuses. Need covers or pick rings? We have you sorted. Small footprint? Try Totester mini carts.

TRANSFER & SORTING FACILITY

The U.S.'s largest hand-sort facility. RCI, CalRecycle, & CDD Program Certified. Third-party verified diversion data accepted for LEED.

CERTIFICATION & COMPLIANCE SUPPORT

LEED, CalGreen, TRUE Zero Waste support. Waste Management Plans, documentation, and city representation.

WHAT WE OFFER

THE CLEAR CHOICE FOR LEED PROJECTS

Most recyclers hand your material off the moment it leaves the job site. Premier's vertical integration is why we've closed out countless LEED Gold and Platinum projects and consistently outperform on sustainability metrics.

- ✓ **The Extra LEED Point** — Premier's RCI Certification unlocks a bonus point standard haulers can't access — the Exemplary Performance path (85%+ diversion, MRc5).
- ✓ **Data You Can Defend** — Diversion data independently audited via RCI's CORR Protocol – not self-reported, not a stamped receipt. Documentation that holds up in any LEED review, at any closeout.
- ✓ **Sustainability Expertise** — An on-staff sustainability team ready to handle Waste Management Plans, Green Halo reporting, and city representation.

THE BAY AREA'S MOST TRUSTED C&D PARTNER

30+ YRS
FAMILY-OWNED &
OPERATED

#1
LARGEST HAND-SORT C&D
FACILITY IN THE U.S.

"Premier Recycle Company provides unbelievable service and personal attention to detail. They continually help us provide quality work for our customers."

PRICING

SERVICE PROPOSAL OPTIONS

Base pricing is set on a per-bin service basis. **We do not charge a rental fee.**

Commingled Recycling Bins	Quantity	Ton Limit	Unit Price
40yd Commingled Bin	Each	5	\$1,388
20yd Commingled Bin	Each	3	\$939

Single Item (Source Separated) Recycling Bins	Quantity	Ton Limit	Unit Price
40yd Wood Bin	Each	5	\$1,333
40yd Sheetrock Bin	Each	5	\$1,345
20 yd Wood Bin	Each	3	\$913
20yd Sheetrock Bin	Each	3	\$915
40 yd or 20yd Metal Bin	Each	N/A	Credit or Check
10yd Concrete Bin	Each	8	\$976

Optional Additional Services	Frequency	Service Price
Recycled Material Monthly Report (LEED Report)	Monthly	Included
Green Halo Management	Monthly	Included
Standard Waste Management Plan	One Time	Included

Prices include LEED documentation and, when applicable, preparation of building permit recycling refund requests. State and local taxes and fees are included.

Overweight charges: \$100/ton for Concrete bins; \$130 for Recycling, Source Separated, Non-Recyclable, or Demolition bins over stated limits.

Metal-Only bins are not charged overweight fees and are credited based on market value minus transportation.

Driver standby fee of \$150/hr applies if bin is not ready when dispatched (waived for delays under 20 minutes). After-hours service requests subject to additional charges.

Commingled Recycling bins must contain at least 65% recyclable material by weight and volume. Single-Item bins must contain 95%+ of a single item or will be reclassified. Hazardous/Universal Solid Waste not accepted.

FIC fee (Facility Incoming Material Charge, currently \$35.00) included on each invoice per service.

Prices are valid for 30 days and are for this project only. After 30 days, pricing may be subject to change. Tax rates and jurisdiction fees may change without notice.

LET'S GET STARTED

Your project is our priority. We're ready to hit the ground running.
